

## Light In the Window Walz Mixer

Calvin Campbell

++++

---

I seldom run across waltz mixers. **The Light in the Window** was written by Dorothy Shaw and danced to music by Fred Bergen. Fred played organ music in skating rinks as one of the gigs he did during his life. Dorothy said this mixer was meant to capture the gliding actions that skaters do when they dance in couples.

This is delightful dance and once the dancers understand the dance routine it is unusually a favorite.

Here is a YouTube video with a teach I did at the Beginner Dance Party Leaders Seminar. [Click here.](#)

The directions can be downloaded from the Lloyd Shaw Foundation website. [Click here.](#)

There are two versions of the music available from the LSF. Here is a sample of the original version that is used in the YouTube clip. [Click Here.](#)

Here is a second version that is available for downloading. [Click here](#)
